148.5 mm

1535mm

343 mm

⚡ **Charge Controller**

IEC 61851-1 (mode 3 charging)

Control Pilot and Proximity

Pilot communication

7" LCD

⚡ **Power management**

Smart power measurement (3 + 1)

Dynamic load management DLM

6mA DC fault current detection

⚡ **Connectivity hub**

Bluetooth 5.0 / WiFi
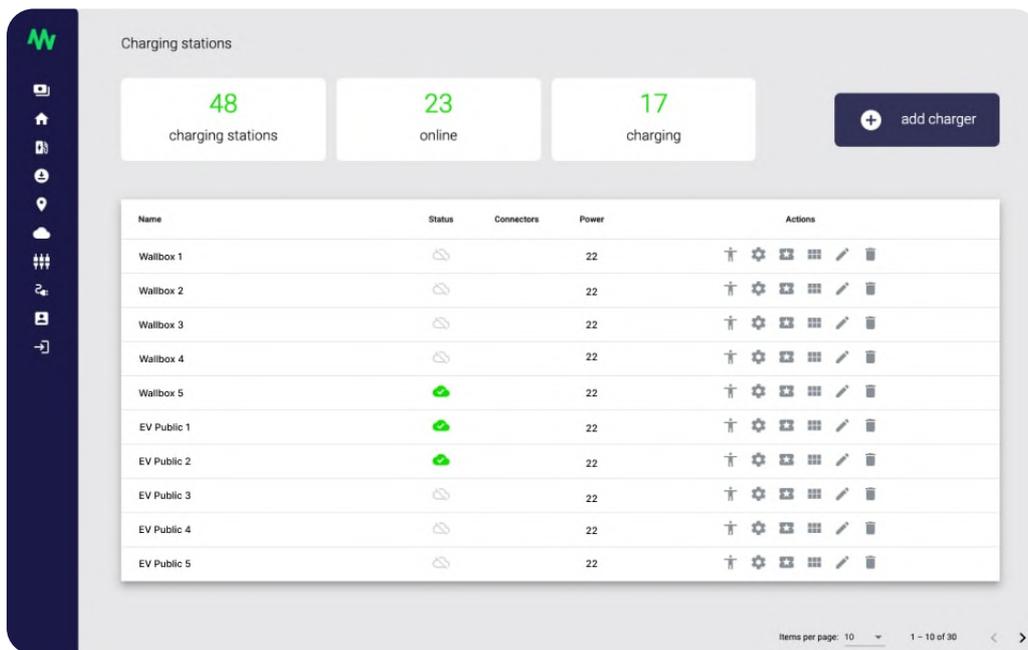

4G / LTE / LTE-NB

RFID / NFC

MODBUS, CAN, UART, USB
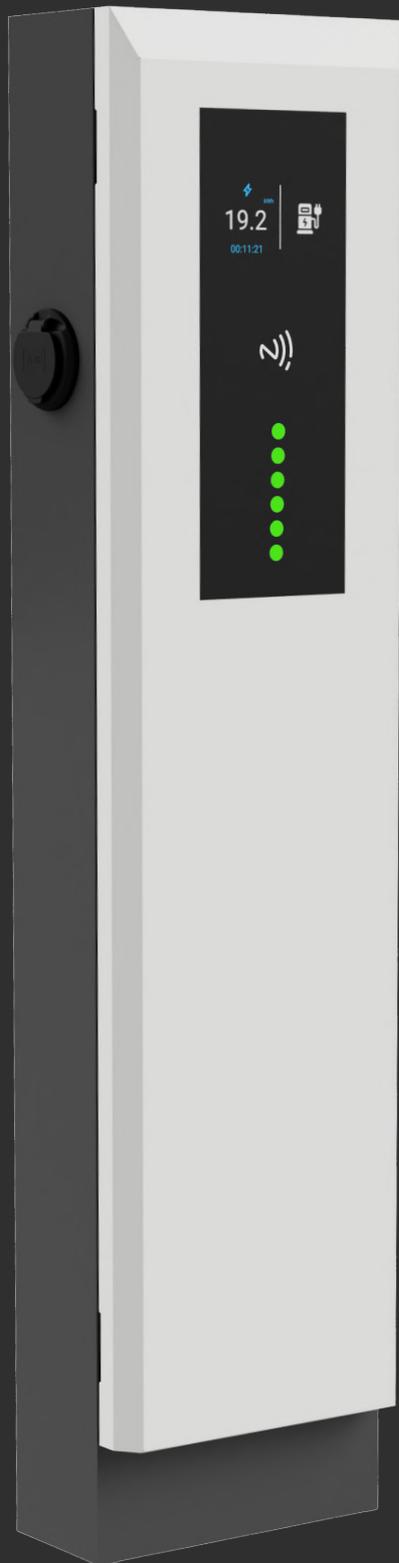

OCPP 1.6 / 2.0

⚡ **Load Balancing**

Power queuing

Priority Load Balancing

Static load balancing

⚡ Control at your fingerprints

- Real time power consuption

- Balancing power in real-time

- Power consuption analytics

- Create load balancing groups

- Charging session statitics by device and users

- Advanced user management

- Complete transaction management and analytics

2x 22kwh socket connectors

Integrated residual current detection: DC 6mA

Static and Dynamic load balancing

Smart Intergrated (3+1) or Class 1 MID energy meter

7" integrated screen

Mobile phone QR payments

Stainless steel, Multiple color options available.
